Model years 1994 – 1998

Race-up your interior

Simco, the designer of OEM instrument clusters for top specialty vehicle manufacturers and aftermarket gauges, now produce their patented technology and racing-inspired designs specifically for the consumer market. Our cluster upgrade kits are an easy way to customize your vehicle with step-by-step instructions.

Kit Features

- Classic white and silver series custom race graphics
- Aluminum black enhanced pointers
- Electro-illuminated graphic backlighting
- Patented “easy-glow” lamp connection for dimming control from vehicle
- New bezel/lens with race-inspired chrome and silver rings
- Pointer remover tool and calibration template
- Maintains original vehicle miles
- 12-month product warranty
- Step-by-step, hassle-free installation instructions
- Online forms and technical support

Important: Kit must utilize a functional instrument cluster

Night View

We create the vehicle enhancements that “Drivers like to see”.

Our gauges combine custom racing graphics with “indiglo” style lighting, chrome or silver rings, and black aluminum pointers all in a instrument cluster kit.

M.S.R.P.
